Feast Allergen Menu September 2022			Please inform us of any specific dietary requirements, allergies or intolerances before ordering. Our suppliers and kitchens handle numerous food and											
			drinks containing allergens. Whilst we make every effort to ensure that your food is suitable for you, unfortunately it is not possible for us to guarante that our dishes will be 100% free from the allergen. While our fried items like chips do not contain gluten themselves, we do fry items which contain gluten in our fryer. You will see mustard in a lot of our items, this is because we use honeymustard dressing for our side salads which come with a lot of dishes. For celery being mentioned often in the menu it's because we use it in our gravy and tomato sauce.
